

October 14, 2021, Troy, Texas: Anderton Castings Engineering team is ready for your mass reduction projects; including steel or iron conversion to aluminum.

Steel or Iron to Aluminum → Up to 50 % Mass Savings

- Iso Strength
- Iso Fatigue

Highly Engineered Applications for:

- Knuckles / Wheel Carriers
- Arms
- Subframes / Cradles
- Brackets
- Wheel Hubs

- ✓ Part Design
- ✓ Prototyping
- ✓ Design Validation
- ✓ Product Launch

Overall vehicle material weight trends continues to show significant reduction. Automotive Chassis and Powertrain components make up a significant vehicle overall weight and should be reviewed for weight optimization without impacting structural integrity.
